Study With Axial Training To Get The Skills and Succeed

Axial's UEE32120 Certificate III in Appliance Service has been specifically developed for apprentices in the appliance repair industry.

The qualification packaging has been developed on an assumption that competency will be developed through a combination of on and off-the-job learning strategies such as those delivered through a formal apprenticeship. The qualification may also be achieved through formal skills recognition assessment processes.

This training is subsidised by the NSW Government.
