NATIONALLY RECOGNISED TRAINING

THE AXIAL TRAINING DIFFERENCE

At Axial Training our aim is to provide an exceptional education experience, with quality outcomes and tailored training solutions that add genuine value to a students secondary school experience.

We have developed an industry-leading blended vocational training model that has proven to be ideal for Queensland Schools delivery.

SCHOOLS PROGRAM

At Axial Training, we are incredibly passionate about nurturing our student's individual qualities, preparing them for meaningful and purposeful lives in industry and study, whilst affording them world-class opportunities to reach their ideal career aspirations.

Axial Training is proud to offer a range of short courses to Queensland secondary school students that are providing pathways to further study, employment or Apprenticeship and Traineeship opportunities.

CERTIFICATE III IN INFORMATION TECHNOLOGY

LEARN NEW SKILLS

PROGRAM OVERVIEW

This course is a hands-on qualification that has a key focus on the skills and knowledge that are essential for any IT career. Students will learn the essential skills for a successful career in IT including how to run standard diagnostic tests, install and optimise operating system software and how to manage the migration process to newer and more advanced technology.
